

OWEN BARTLETT

odbartlett1@gmail.com • (949) 520-0598 • owenbartlett.com (Portfolio)

Education

Johns Hopkins University | Baltimore, MD

Expected graduation in 5/2027

Bachelors in Computer Science (WSE)

Relevant Classes: Gateway Computing (Java), Intermediate Programming, Data Structures, Computer System Fundamentals, Linear Algebra, Probability and Statistics, Discrete Mathematics, Practical Cryptographic Systems, Intro Algorithms

Newport Harbor High School | Newport Beach, CA

Graduation 6/2023

Valedictorian // GPA 4.56 // 4 Year Academic Excellence Award

Relevant Advanced Classes: AP Physics C, AP Physics E&M, AP Calculus BC, AP C.S. Principles, AP C.S. A

Professional Experience

Backend AI Development Intern – Software & Database Engineering

01/2025 - present

Aireful

Remote

- Developed and deployed AI-driven chatbot applications using JavaScript, OpenAI API, and Vercel.
- Designed and managed PostgreSQL database storage using Supabase.
- Implemented AI prompting techniques for enhanced chatbot performance.
- Worked within a 3-person engineering team, reporting directly to a Lead Engineer.

Project Lead – Computer Vision & UAV Software

09/2024 - present

The Barman Laboratory

Dr. Ishan Barman, Johns Hopkins University

- Designed and developed autonomous swarm drone software using Python and MAVLink libraries.
- Conducted unit testing and flight simulations for real and virtual UAV deployments.
- Led team meetings, managed project timelines, and reported to Lead Investigator & Head Professor.
- Designed CAD models and developed Webots-based drone simulations.
- Certification: FAA Part 107 UAV Certified Pilot.

Software Development Intern – Full-Stack & Cloud Computing

05/2024 - 08/2024

Online Draft

Remote

- Developed full-stack applications leveraging AWS cloud architecture (Lambda, CloudWatch, DynamoDB, S3).
- Migrated relational databases (S3) to NoSQL database systems (DynamoDB).
- Designed and tested REST APIs using Postman.
- Implemented React + Node.js full-stack functionality.
- Participated in weekly engineering and business strategy meetings.
- Certification: AWS Certified Cloud Practitioner.

Activities and Projects

Project Leader and Board Member of the Johns Hopkins Brain Computer Interface Society:

- Experience building linear regression ML models based on hand collected data
- Lead teams of sizes 3-20, presented updates, taught new members
- Keep up-to-date with the latest subject matter to apply to projects

Recruited Collegiate Athlete (water polo):

- 2 time high school CIF open division champions (2021, 2022)
- 2023 All American
- Extensive teamwork, time management, communication, and an ability to learn quickly
